It has as its purpose the promotion of harmonious relations between the Town and Union, the mutual efforts and cooperation of the parties to establish an efficient and effective Department, the establishment of equitable and peaceful procedures for the resolution of differences and the establishment of rates of pay, hours of work and other conditions of employment.

Now, therefore, in consideration of their mutual promises and agreement herein contained, the parties hereto mutually covenant and agree as follows.

ARTICLE I

ARTICLE II

STABILITY OF AGREEMENT

Section 1. No provision of this agreement may be modified or waived except by written agreement by both the Town and the Union.

Section 2. Should any part hereof or any provision herein contained be rendered or declared invalid by reason of any existing statute or by any decree of a court of competent jurisdiction, all other provisions shall not be affected and shall remain in full force and effect.

ARTICLE III
EMPLOYER RIGHTS

Section 1. The Union recognizes the Town as a corporate body with all of the powers, privileges and responsibilities conferred on it by the Commonwealth of Massachusetts. Unless an express, specific provision of this Agreement clearly provides otherwise, the Employer, acting through the Fire Chief or other appropriate official as may be authorized to act on its behalf, retains all the rights and prerogatives it had prior to the signing of this Agreement either by law, custom, practice, usage or precedent to manage and control the Department. By way of example but not limitation, said rights retained by management include the right:

- to determine the mission, budget and policy of the Department;
- to determine the organization of the Department, the number of employees, the work functions, and the technology for performing them;
- to determine the numbers and types of positions or employees assigned to a work project, or to any location, task, building, vehicle, station or facility;

- to determine use, assignments, make up, training, and number of Call Firefighters;
- to determine the methods, means and personnel by which the Department's operations are to be carried out including the right to determine whether certain operations continue to be performed by Department personnel or be discontinued in whole or in part by the Department and/or its employees;
- to manage and direct employees of the Department;
- to maintain and improve orderly procedures and the efficiency of operations;
- to hire, promote and assign employees;
- to transfer, temporarily reassign, or detail employees to other shifts or other duties;
- to determine the equipment to be used and the uniforms to be worn in the performance of duty;
- to determine the policies affecting the hiring, promotion, and retention of employees;
- to establish qualifications to perform work including physical, intellectual, and mental health qualifications;

- to lay off employees in the event of lack of work or funds or under conditions where management believes that continuation of such work would be less efficient, less productive, or less economical;
- to establish or modify work schedules and shift schedules and the number and selection of employees to be assigned;
- to take whatever actions may be necessary to carry out its responsibilities in situations of emergency;
- to suspend, demote, discharge, or take other disciplinary action against employees, to require the cooperation of all employees in the performance of this function, and to determine its internal security practices.

Section 2. It is understood and agreed by the parties hereto that the Employer does not have to rely on any collective bargaining contract with its employees as the source of its rights and management prerogatives, that this contract does not purport to spell out the job responsibilities and obligations of the employees covered by this contract including, but not limited to, the requirement that supervisory employees evaluate the employees they supervise, that said responsibilities and obligations are to be determined by the Employer except insofar as they may be specifically described herein, and that the failure or omission of the parties to outline or delineate in this contract responsibilities and obligations of employees is not to be relied upon by the latter as evidence of the fact that such obligations or responsibilities do not exist.

Section 3. The Fire Chief may adopt and enforce rules and regulations for the operation of the Fire Department, the manner and method of performing work, production standards and attendance, and the conduct of employees. The Union agrees to assist the Employer in upholding and enforcing the rules and regulations concerning productivity, punctual and steady attendance, proper and sufficient notice to the Department in case of necessary absence, conduct on the job and other rules and regulations established by the Employer necessary for the conduct of its business.

Notification is waived for employees retiring as the result of 111F injuries or medical reasons. This compensation shall be paid at the last pay period immediately preceding the actual effective date of retirement. Part-time service may be considered in accumulating full-time years (a year to be 2080 hours worked).

Section 7. After an employee has been warned that his or her sick leave absences have established a pattern of abuse or excessive use, subsequent absences may result in more serious discipline including possible termination.

ARTICLE IX
HOURS OF WORK

Section 1. (a) Employees shall be assigned to a forty-two (42) hour average workweek over an eight (8) week cycle day, except for one tour of duty detailed in Section 4, as follows: Twenty-four (24) hours on duty, twenty-four (24) hours off duty, twenty-

hour (24) hours on duty, one hundred twenty (120) hours off duty. Each twenty-four (24) hours shift shall begin at 8:00am and end at 8:00am the following day.

For twelve (12) months, from the beginning of the change in the schedule to twenty-four (24) hour shifts, the Town retains the right, with notice to the Union, to revert to the previous schedule if the Town determines that there has been an increase in sick leave, other detrimental effects, or increases in costs due to the change to the new schedule. Once the twelve (12) months have elapsed, the Town's right to revert to the previous schedule lapses.

Employees working the 6:00am to 6:00pm twelve (12) hour shifts shall take said leaves in twelve (12) hour increments from 6:00am to 6:00pm.

Vacation leave (Article IV), sick leave (Article V), and personal leave (Article VI) shall be taken in either ten (10) hour increments, from 8:00am to 6:00pm or in fourteen (14) hour increments, from 6:00pm to 8:00am the following day.

(b) Employees may be assigned to work a five (5) day, Monday through Friday, administrative schedule with starting and quitting times varying from those in paragraph (a) for purposes of initial training at an academy or other legitimate business reasons.

(c) Employees will be assigned to a work group and the Fire Chief will provide at least two (2) weeks' notice on changing an employee's group.

(d) The Fire Chief reserves the right to make temporary changes in an employee's work schedule due to the needs of the service. The Chief shall provide reasonable notice under the circumstances when making such temporary changes.

(e) The Town reserves the right, in the interest of efficiency and optimum service, to modify the present work schedule or establish new work schedules in accordance with the provisions of M.G.L. Chapter 150E.

Section 2. Full-time employees will be permitted to substitute and exchange time with members of other shifts a maximum of four (4) times each month. The Fire Chief has the discretion to allow additional shift substitutions and swaps. Substitutions or swaps shall not be at overtime rates or result in any added costs to the Town.

Section 3. The Town reserves the right to reopen Article IX, Section 1 of the Agreement on or after January 1, 2000 for the purpose of negotiating a change in hours and work schedule. The Town shall submit a written request with proposals to the Union and Mediator Brian Harrington. The Mediator shall conduct discussions for 30 days, subject to extension by mutual agreement. Failing to reach agreement, the Town reserves the right, in the interest of efficiency and optimum service, to modify the present work schedule or establish new work schedules. The intention of this Agreement is to conduct meaningful negotiations and to reach agreement on the proposals raised in the reopening.

Section 4. Notwithstanding the basic work schedule provided in Section 1(a) of this Article, two (2) Firefighter/Paramedics may be hired and assigned to work a 12-hour shift schedule with shifts starting at 6:00am and ending at 6:00pm over four (4) consecutive days on duty followed by four (4) consecutive days off duty. Within

one year of being hired, these new Firefighter/Paramedics must become certified to the Firefighter I/II level at a state approved firefighting academy provided training and testing is available within that one-year timeframe. Should training and testing not be available for completion within one year of hire, the training and testing shall be completed as soon as available so as to enable certification as soon as possible.

ARTICLE X

OVERTIME

Section 1. All members of the bargaining unit may be required to work overtime as the need of the Town's Fire Department requires.

Section 2. All members of the bargaining unit required to work in excess of their regular tour of duty, as established under Article IX, Section 1 or under Article IX, Section 4, shall be paid for additional time worked at a rate equal to one and one-half times the member's straight time hourly rate of pay for the actual time worked. Time taken as sick leave shall not be included in determining overtime. For instance, for a workweek with regular tours totalling forty-eight (48) hours, overtime shall begin with the beginning of the forty-ninth (49th) hour worked not including any hours of sick leave taken during that workweek.

Vacant 6:00am to 6:00pm shifts will first be offered to members of the bargaining unit, then to qualified members of the call department (as defined in Appendix C) at the Fire Chief's discretion. This overtime protocol will also be used should vacancies result from those hired for the 6:00am to 6:00pm shift attending a firefighter academy as part of their regularly assigned shifts. Prior to any

firefighter assigned to the 6:00am to 6:00pm working overtime to cover a vacancy on said shift, the 6:00am to 6:00pm overtime shall first be offered to all other members of the bargaining unit.

Section 3. All open, vacant, or overtime shifts resulting from a short-term absence (one expected to last no more than 14 (fourteen) consecutive calendar days) of a member of the bargaining unit shall be offered to the remaining members of the unit by seniority before being offered to someone not in the bargaining unit. Filling of long-term vacancies (over 14 (fourteen) consecutive calendar days) shall be at the discretion of the Chief. At the discretion of the Chief, all twenty-four (24) hour shifts may be filled in two parts, for ten (10) hours from 8:00am to 6:00pm and for fourteen (14) hours from 6:00pm to 8:00am the following day. This section does not include "lay-offs."

No member of the call department will be offered overtime prior to a member of the bargaining unit.

Section 4. Full-time Firefighter/Paramedics shall receive a minimum of two (2) hours pay at a time and one-half of the regular rate for each call answered outside their regularly scheduled shift hours except that when called into work within (2) hours of their regular shift starting time, the time and one-half rate shall be paid only for the time worked in advance of the regular shift starting time, and thereafter, Firefighter/Paramedics will be paid their regular straight time pay for the hours that are part of their regular shift.

Section 5. Special Details. At the discretion of the Fire Chief and as the budget may allow, special details, as defined in Appendix C, will be offered to members of the bargaining unit when said details are unable to be filled by call firefighters. No

member of the call department will be offered overtime work prior to all bargaining unit members being offered the opportunity to work overtime.

Section 6. Overtime shall be filled using an established “overtime board” maintained by the Bargaining Unit. The board will be split into four columns: Day Shift (10 hours); Day Shift (12 hours); Night Shift (14 hours); Other (for any vacancy less than ten (10) hours, including details. Each member of the bargaining unit shall have a magnetic nameplate in each column. The names will initially be placed in order of seniority by date of hire. Members shall be offered overtime top to bottom. If a member refuses the shift the member’s name will remain in place and will not be “charged” for hours. If the member accepts the shift, the member’s name will be moved to the bottom of the proper column and all other names will advance one place in order. Members will not have their names moved if they are forced to work overtime. If a member is out on long-term absence (Section 3), the member’s name will be temporarily removed from the list. Upon that member’s return, the member’s name will be placed back into the list at the top. Overtime Fill Worksheets will still be maintained and filed, to prevent tampering.

Two “overtime boards” will be maintained, one for members of the bargaining unit and the other members of the Halifax Fire Department who are not members of the bargaining unit but who are eligible to work shifts. “Hour Cards” will only be maintained for members not eligible to work shifts, in the event that they work a detail.

The procedures for the “overtime board” for members of the Halifax Fire Department who are not members of the bargaining unit but who are eligible to work shifts will be the responsibility of the Fire Chief. If there is Wage and

Personnel By-Law concerning these procedures, then the By-Law will have precedence.

No member of the bargaining unit nor the bargaining unit may file a grievance concerning paragraph 7 of Section 5 of this Article.

Section 7. Employees shall not be permitted to work more than twenty-four (24) consecutive hours except for emergency hold-overs at the end of a shift or other overtime authorizations by the Chief or his designee.

Section 8. In addition to the two (2) full-time firefighters assigned to regular night shifts (6:00pm to 6:00am), the Fire Chief at his discretion may assign call firefighters who have completed an approved Firefighter I/II training program and are certified to the level of EMT-Basic, to work special details (as defined in Appendix C) between the hours of 6:00pm to 8:00am.

- (a) Under no circumstances will such a qualifying call firefighter be considered as filling a vacancy for the period between 6:00pm and 8:00am.
- (b) The use of special work details will cease in the event any member of the bargaining unit is laid off due to budget cuts.

If a grievance is not timely raised initially or presented within any of the time limits specified in this Article, it shall be deemed abandoned and not entitled to consideration thereafter. Time limits may be extended by the mutual agreement of the parties in writing, signed by the Halifax Board of Selectmen and an official of the Union and the parties may mutually agree in writing to bypass any of the steps contained herein.
