

All proposed amendments to the Town of Hallifax's Wage and Personnel By-Law brought up at the annual hearing of the Wage and Personnel Board were recommend by the Wage and Personnel Board either in their original format or modified after consultation the originators.

The Wage and Personnel Board, as required by the By-Law, reviewed whether to recommend an across-the-board increase for employees covered under the By-Law and decided not to make any recommendation (this does not meant that they recommended no increase; they did not make **any** recommendation). A motion for an across-the-board wage increase can be made at Town Meeting from the floor.

Charlie Seelig
