#### Latex Paint Information

Call Recolor at 833-732-6567

or

Latex paint is not hazardous and can be dried out by taking off the cover and letting it dry out or put some kitty litter to absorb the paint; once the paint is dry, you can bring it to the Center and put the empty can in the scrap metal container or you can choose to put it in your trash for weekly pick up. Please do not put too many containers in one bag or barrel; it will be too heavy to pick up.

Used Motor Oil can be dropped at the Center for no charge.
